HEALTH INSPECTION

The International Health Department in Mexico (*Sanidad Internacional*), is a governmental office operating according to the International Health Regulations (*IHR, 2005*), in order to “Control, Prevent, and protect against, the international spread of disease, and to provide a public health response that is commensurate with and restricted to public health risks, while preventing unnecessary interference with international trade and traffic”.

In most ports of entry in Mexico, health authorities don't impose any restrictions other than carrying out a medical inspection on arrival at no cost*. Vaccine restrictions for COVID-19, do not apply in Mexico's ports of entry. Although some ports of call have different requirements by local health authorities, as such, during the medical inspection, they may ask for the Boat Registration, Personal ID, and Vaccination Record although this last item is not mandatory.

Upon your arrival please notify immediately to the marina staff, International Health Department or the local Health Authority (*Secretaria de Salud*) if any person onboard has any of the following symptoms:

- Persistent fever (above 38 ° C / 100 ° F) developing for several days or accompanied by prostration; decreased level of consciousness; lymph node swelling; persistent cough; shortness of breath; paralysis; signs of hemorrhage.
- Skin rash (fever involved or not), severe vomiting and/or diarrhea, recurrent seizures.

For more information on local requirements, we suggest that you contact the marina you plan to arrive in order to know the health inspection protocol.

If you have any health related questions or concerns, please contact the Epidemiological and Health Intelligence Unit (UIES) at +52 5337-1845 or 800-00-44-800, where you will be assisted by highly trained personnel.

*Health Authorities don't apply any fees.

FOLLOWING ARE THE IMMIGRATION REQUIREMENTS FOR INDIVIDUALS & VESSELS WHO WILL NOT GO ASHORE WHILE IN MEXICAN TERRITORIAL WATERS. THESE STEPS MUST BE PROCESSED PRIOR TO ENTERING MEXICAN WATERS FOR ANY LENGTH OF TIME. e.g. visiting the Coronado Islands, fishing ventures, offshore cruising, etc.

INTRODUCTION

The Instituto Nacional de Migración (*National Immigration Institute*) is the government arm required by Mexican Law to oversee foreign individuals visiting Mexico. INM has created a new PRE-TRAVEL simplified process in order to facilitate the documentation of those individuals wanting to visit Mexico by boat and wishing to engage in recreational activities, including sport fishing, whale watching, diving and cruising — among others.

The process involves the completion of three simple steps which may be completed BEFORE departing for Mexico, as outlined within this brochure.

GET TO KNOW WHO'S WHO

The Maritime Authority works through MARINA (*Secretariat of the Navy*), to oversee compliance of the regulations issued by the IMO, in order to guarantee protected, efficient and safe maritime passages.

Provides Banking and Credit services to members of the Army, Air Force and Navy, and the General Public, and oversees the online services allowing payments for the temporary import of vehicles and boats.

An arm of the Mexican government which controls and supervises migration in the country.

The Mexican tax authority responsible for the supervision for compliance of tax and customs legislation.

The Mexican Navy is one of the two independent armed forces of Mexico. The naval forces are called the Armada de México. The Secretaría de Marina (MARINA) (*Secretariat of the Navy*) includes both the Armada and ministerial and civil service.

CONAPESCA is a decentralized body of SADER (*Ministry of Agriculture*) committed to legality, quality and transparency, in charge of fostering and developing coordination with various entities to implement policies, programs and regulations that lead and facilitate the development – competitive and sustainable, of the fishing and aquaculture sector of the country.

CONANP is the institution responsible for safeguarding the areas with the greatest biodiversity in Mexico.

STEP ONE

Visit the following Internet portal to apply for entry to Mexico and pay the required fees: <https://www.banjercito.com.mx/registroEmbarques/>

For additional information visit:

<https://www.gob.mx/inm/acciones-y-programas/sport-fishing-and-nautical-tourism>

Follow the instructions and save the electronic receipt. You will need it when you e-mail the passenger list to INM in the next step.

Also print out a copy to keep with you on the boat.

The following information must be provided:

- a. Passport number of the person responsible for the vessel
- b. Vessel Documentation (State or Federal Documentation).
- c. A \$638 Mexican Pesos fee per each visiting foreigner as required by the Federal Fee Act (Ley Federal de Derechos), Article 8, Section I. The fee must be paid using a credit card for each person INDIVIDUALLY. Group payments are not allowed.

STEP TWO

Download and complete the spreadsheet with the information of the vessel and passengers from:

<http://www.inm.gob.mx/gobmx/word/index.php/instructions-for-the-shipment-of-electronic-passenger-lists>

Here you will find the following:

- A Sample Form (spreadsheet) for submission of a list of maritime passengers and crew members — delete the sample information and insert your passenger list. Save it to your computer following the instructions on the web page including how to name the file correctly.
- A guide for filling the Form for the submission of a list of maritime passengers and crew members
- An e-mail Directory/List of INM Ports addresses for submission of lists of maritime passengers and crew members.

STEP THREE

E-mail the completed spreadsheet to INM and copy of your receipt (See STEP TWO above, 3rd bullet, on how to find the correct e-mail address)

As an example, if you are leaving from Southern California you should send the e-mail to the Ensenada INM Office at: BC_ensenada@inami.gob.mx.

Visit the following for more information:

<https://www.gob.mx/inm/acciones-y-programas/sport-fishing-and-nautical-tourism>

Once the visitors information outlined above is sent to INM, INM will e-mail you back the entry authorization (or denial) to the individuals intending to enter Mexico's territorial waters onboard the given vessel. The document must be kept aboard the vessel at all times along with the receipt of payment.

The receipt must be presented to the Mexican Immigration Authorities at the first Port of Entry in exchange for each individual's FMM (see next page for additional information).

- The authorizing e-mail will also contain INM's permit to enter as a Visitor Without Permission to Perform Activities for Profit (i.e. work for income/profit).
- The length of the stay will be the amount of time requested by the applicant, but shall not exceed 180 days, and cannot be used for multiple entries and departures.
- A copy of your information will be sent to the Secretary of the Navy (MARINA) and to the Port Captain.

A TIP is valid for a period of 10 years from the issue date, allowing for multiple entries during this period.

A new Temporary Import Permit - TIP- may be requested for an additional 10 years for the same vessel as long as it is processed within 91 days prior to the permit's expiration date, by internet, through www.banjercito.com.mx/registroVehiculos/ or at any of the CIITEV centers, without the need for the vessel's inspection, plus, there is not need to submit Exit Papers.

- Complete the Crew List Document
- Go to the immigration office and get the Crew List properly stamped and have FMMs (*Forma Migratoria Multiple*) issued for all passengers
- Go to the Port Captain's Office with the completed form to pay the Clear-In Fee and have the document duly authorized and stamped.

- If you are navigating from one Mexican port to another, all that you will require is that you inform the Harbor Master or marina of your arrival or departure by means of an "Aviso" [Notification].
- Depending on the Harbor Master's office, some may require a written notification, while others allow a verbal one via VHF 16
- In some ports you must pay a Port Use Fee when arriving and anchoring (if you anchor out). These fees are paid to the API (The Port Administration).

The clear-out of Mexico process is as follows:

- Complete the Crew List for exiting Mexico ("Despacho", previously know as "Zarpe").
- Go to the Immigration office to get the Crew List stamped and surrender the FMM forms.
- Go to the Port Captain's office to pay the Vessel's Check-out fees and have the crew list stamped with the authorization to exit the country of Mexico.

Boat Captain or Master must present proof of Competency for recreational boaters (example: Captains License, Sate Boating Card or International Certificate for Operators of Pleasure Craft (ICC)
